

PAL Aerospace is a Canadian aerospace and defence company that delivers a broad range of specialized aviation services, including intelligence, surveillance, and reconnaissance (ISR), medevac and air ambulance operations, and fisheries patrol flying. Headquartered in St. John's, NL, the company operates on a global scale, supporting domestic and international missions worldwide.

Pilots at PAL Aerospace take on challenging and rewarding flying, operating a diverse fleet of custom-equipped aircraft from bases around the world. This mission-driven environment gives adaptable pilots the opportunity to gain unique operational experience, expand their skill set, and build a dynamic aviation career.

About the Operator
