

MFC Training is one of Canada's largest and most established professional flight training school, with a history dating back to 1929. The school delivers Transport Canada–approved pilot training from the recreational and private levels through to commercial, multi-engine, IFR, and flight instructor ratings, serving both Canadian and international students. MFC Training also partners with Mount Allison University, Saint Thomas University and Western University to provide the Integrated Airline Transport Pilot Program to their aviation students.

About the Operator

- **Campus Bases:** Moncton, NB; Fredericton, NB; London, ON; Thompson, MB; Rankin Inlet, NU
- **Fleet Size:** 57
- **Aircraft Type:** DA20-C1, Cessna 172S, PA44-180, King Air C90B
- **Active Pilot Instructors:** 102
- **Average Flight Instructor Hours per year:** 800 hours

Career Growth

- Build flight hours while developing strong instructional, leadership, and mentoring skills
- Gain real-world teaching experience that strengthens technical knowledge and decision-making
- Establish a solid foundation for future aviation career opportunities across the industry

Lifestyle & Scheduling

- **Workload:** 20-24 days per month
- **Scheduling:** Instructors work a 5-day schedule within an assigned AM or PM block based on student demand, with schedules finalized by crew scheduling and a maximum of 6 consecutive days worked.
- **Lifestyle:** Working as an instructor at MFC Training offers a lifestyle that's balanced and easy to settle into. Our bases offer a relaxed pace outside of the flight schedule, short commutes, and easy access to nature, outdoor activities, and local amenities. It's a balanced lifestyle that allows you to focus on flying, build experience, and enjoy a steady routine while progressing your career. MFC also offers rewarding adventures in support of our Indigenous Pilot Pathway Program at our Northern seasonal bases in Thompson, Manitoba, and Rankin Inlet, Nunavut.
